**RE: The List, by INDITEX**

# INDITEX

Inditex has launched the update of the classification [The List by INDITEX](#), now accessible online.

Achitex Minerva, the first Italian company to join the Inditex list, today has 688 classified products. The web portal will simplify the consultation of the list, improving the accessibility and quality of information with a more functional, quick and simple search of products and their classification.

To consult our products included in the list, simply connect to the web platform and select "ACHITEX MINERVA" in the drop-down menu "MANUFACTURER".

Learn more about our classified products and do not hesitate to contact us for any need!

Have a good navigation.
